

How to get your item “artworxed” by LeeMorganArtworx

Dear Reader,

This will be a working document, so I reserve the right to alter it at any time.

Step 1.

Think about what it is you want custom work on. If that item is key to your daily life (e.g. the rocker cover off your car) you will need to see if you can source a spare one, Make sure the item that you send is in good condition, items that require any repairing/stripping before it is suitable to paint will be charged extra and you will be notified of this before any work takes place. If your item is a motorcycle tank or similar then please advise on any preparation work that needs doing and we will see what sort of cost it would be to get it upto standard. If your item is plastic (some rockercovers are) and has been painted after purchase this is not worth restoring ready to paint. In this instance it is more economically viable to purchase a new/used unpainted item and send it for artworx.

Step 2.

Now you know what you want customised, think about what/how you want it to look. This includes what colour and picture, e.g. a film theme, cartoon character, etc . If you are stuck for ideas then take a look through the pictures/album on the artworx facebook page to get ideas.

Step 3.

Contact us to book in. We take a 50% deposit before any work will start (payable by cash, cheque or paypal; paypal preferred), and we will update you via pictures on the artworx page (unless requested otherwise). We can do a design mock up before you commit to buy, but we will require a good quality source photo of the blank item if one is not already available to leemorganartworx.

Step 4.

Post the item. Please make sure your item is as clean and in as good a condition as possible, and pack it well for posting. Leemorganartworx will not accept responsibility for any items that arrive damaged in the post, and we recommend that you use an appropriately insured and trackable/secure postage service (please keep your proof of postage). Please make sure that you put your name and address in the package to avoid any confusion between customers items, and remember that if you use a different name on facebook please make a note of that too (e.g. 'mark funky guy' when your real name is Mark Jones), to avoid any chance of items being mixed up.

Step 5.

Keep an eye on artworx to see your item develop into what was agreed.

Step 6.

Send the remaining balance when your work has been completed, and also send the return postage cost (agreed prior to sending).

The whole process takes two weeks on average, depending on how much your having done.

Step 7.

We send the item back to you.

Step 8.

You send me fitted pictures.

Prices vary from one item to another, as a standard rule rocker covers start at £180 + postage for return, any other items will need to be discussed with us to agree a price.
